

Carlos Perruca

FRONTEND WEB DEVELOPER

I am a go-ahead programmer, an assertive and creative person who does not shy away from new trials. I work hard to achieve my goals either alone or with people around me to support me and I don't give up easily.

I have a background in biology that has given me researcher skills, the ability to find problems and their solutions and a high frustration tolerance.

I'm looking for a position as a web developer where I can grow and develop my programming skills.

TECHNOLOGIES & METHODOLOGIES

- Javascript
- Node.js
- Express.js
- MongoDB
- HTML
- CSS
- Mongoose
- Photoshop
- React JS
- Heroku
- GitHub
- Postman

Projects

Trip&Birra:

<https://trip-n-birra.herokuapp.com/>

- Create a **multi-platform app**, to search and share your favorite places for tapas!
- Tech stack: **React**, JS, CSS, MongoDB, GoogleMaps API.
- A perfect project to unite and improve what I have learned in the 9 weeks of bootcamp. There are still code improvements to implement, new options and design styling that I'm still working on to make the app even more complete.

FootScore:

<https://score-foot.herokuapp.com/>

- Design a **website** to find football information, about +1000 teams around the world and their matches in this DDBB!
- Tech stack: **HBS** technology.
- The focus in this project has been to work with **APIs** and databases such as Mongo Atlas and to learn how the backend works in web development.

Super Penalty Kicks:

<https://fredimenarguez.github.io/penaltyGame/>

- Create a **game** in 8bits style, where players must shoot as hard as possible to score 5 goals.
- Powered by **Canvas Javascript** technology.
- My first project and the demonstration of how by combining HTML and CSS with Javascript you can implement very interesting ideas with a good outcome.

Education

- Fullstack Web Developer Bootcamp in **IRONHACK**, Dec 2021

Tech stack: React JS, Node.js, Express.js, MongoDB, Mongoose, HTML, CSS, Javascript & more.

- Master in R&D in microbiology and parasitology in UNIVERSIDAD COMPLUTENSE DE MADRID, Sep 2018
- Degree in Biology, health esp. in UNIVERSIDAD DE ALCALÁ DE HENARES

Experience

- Store Staff in *Games Workshop*
 - Dec 2020 – Present
 - Responsible for shop management, inventory and customer service.
- Researcher in *Centro de Investigaciones Biológicas*
 - May 2018 – Sep 2018
 - Designer of experiments and self-sufficient laboratory work.
- Lab technician in *Instituto Nacional de Consumo – CICC*
 - Feb 2013 – Jun 2013
 - Implementation and improvement of experimental protocols and product quality control

Languages

- SPANISH: Native.
- ENGLISH: Intermediate.
